*Individual programs, grade levels, or classes may be closed, independent of the school's Adjusted Capacity status. See "School Specific Notes" for details.

Maximum Capacity is the number of students for which the school facility was built.

Early Enrollment Threshold is the greater of 40 students less than Maximum Capacity or 90% of Maximum Capacity

Adjusted Capacity is the number of students for which teachers have been assigned.

Late Enrollment Threshold is the greater of 40 students less than Adjusted Capacity or 90% of Adjusted Capacity

2008-09 Late Enrollment Requests: Nebo District has elected to base the School/Program status on Adjusted Capacity instead of the Late Enrollment Threshold for most schools. The Late Enrollment Threshold is only used for specialty schools/programs (Landmark, Oakridge, District Sp. Ed. Self-Cont.)
