In accordance with the Federal "Individuals with Disabilities Education Act" (IDEA 97) the IEP team has determined that your student is eligible for Extended School Year services for the upcoming summer. Once you have met as an IEP team and signed the ESY Services Form and filled out the Student Information Form your student is enrolled in the program. The next contact you will have will be when the bus driver calls you to notify you of the pick up and drop off times. This will be after regular school has let out but before summer school starts. Drivers usually call 2 or 3 days prior to the ESY starting date.
