#### **Overview of Investigative Process**

The District Civil Rights Coordinator will be promptly notified of this complaint and will assign an investigator. If additional information from you is needed, you will be contacted for a follow-up interview. The investigation will also include interviews with and written statements from the respondent, witnesses, and others identified as having relevant information.

The investigator will consider all the evidence and will make findings of fact and conclusions as to whether civil rights harassment has occurred in violation of Policy JDC. In the case of policy violation, disciplinary action may be taken against the respondent. Other actions may be taken to address the effects on the complainant and the school environment. To the extent legally permissible, the complainant and respondent will be notified of these decisions.

### Confidentiality

The investigation will be conducted in a reasonably confidential manner. However, witnesses and others with pertinent information may need to be made aware of the investigation and sufficient facts to elicit their verbal/written statements. The investigator will take measures to protect confidentiality of the victim and the accused, including directing all witnesses to refrain from disseminating information related to the complaint and investigation.

You should also keep the complaint and investigation confidential. Do not attempt to conduct your own parallel investigation or discuss the facts of your complaint with others.

# No Contact

You should avoid contact with the respondent. This includes written, electronic, verbal, and in-person contact. If contact with the respondent is unavoidable in the school, please notify the investigator.
