Kindergarten: @ your own school

Counselors: collaborating at Park Elementary 1pm - 3pm

SECONDARY

Directed by your school

Why Use High Quality Formative Assessments?

“My team has been using them this year, and it has been SO beneficial in developing my students’ critical thinking skills to have more assessments at a **higher rigor.**”

WELL-BEING SIGNATURE PRACTICE

- **2x10 Relationship Building**—is a Tier 2 intervention that helps build teacher-student relationships, reinforce positive behaviors, and convey genuine support to an individual who might be typecast as a challenging student.
- At its core, the 2x10 strategy is about consistently building relationships with students. Educators select a particular student and set a goal to engage in a 2-minute conversation with that student for 10 consecutive school days. These conversations might happen at the beginning or end of a class period. [Download the Guide Here](#)
