An exception created for students seeking legal guardianship is intended to apply only to those situations in which a bona fide guardian has been appointed by a court of competent jurisdiction for the best interests of the student. Should it appear that a guardian has been appointed or established for the purpose of avoiding the transfer rule; the Association may ignore the guardianship and examine the transfer as if no guardian existed. The document must indicate the date of appointment, powers conferred and whether the guardian was appointed due to death, incompetence, or unsuitability of the parents. For the purposes of this athletic eligibility, a power of attorney does not suffice, nor does a district or school guardianship.
