Make a Difference

As the young man walked along the beach at dawn, he noticed an old man ahead of him picking up starfish and flinging them into the sea. Finally catching up to the old man, he asked why he was doing this. The answer was that the stranded starfish would die if left until the morning sun. "But the beach goes on for miles and there are millions of starfish," countered the young man. "How can your effort make any difference?" The old man looked at the starfish in his hand and then threw it to safety in the waves. "It makes a difference to this one," he replied.
